# Enhanced Living and Personal Care at Wesbury

Cribbs Residential Center is specifically designed for those who desire to maintain independence, but may require some assistance with daily tasks, bridging the gap between residential living and nursing care.

The attentive staff provides all dining, laundry and housekeeping services as well as transportation, security and a variety of life enrichment and fitness programs. Through participation in the local community, as well as on campus events, residents may be as active or relaxed as they choose. Residents also find comfort in knowing that additional assistance is always available. Skilled caregivers, which include licensed nurses, are on-site 24 hours every day and can assist with a wide range of personal needs such as bathing, dressing, managing medications and medical care.
