For over 100 years, Wesbury has built a strong reputation for exceeding the expectations of the Continuing Care Retirement Community experience. As a Christian based, not-for-profit organization, Wesbury is committed to much more than a fine collection of programs and services - we are committed to providing an enriched way of life.

EAGLE Accredited

Wesbury has received EAGLE accreditation six consecutive times from The United Methodist Association of Health and Welfare Ministries (UMA), a national network of more than 400 health and welfare-related organizations. The Educational Assessment Guidelines Leading toward Excellence (EAGLE) accreditation is a quality enhancement program offered every five years to faith-based organizations providing care to older adults, children, youth and families. The intensive assessment and peer review process encourages and recognizes excellence in Christian mission and ministry. EAGLE accredited facilities are stringently reviewed based on their business practices and social principles as well as their Christian mission. EAGLE peer reviewers focus on an organization's relationships within its local community, on the persons being served, as well as governance and management.

Wesbury provides individualized proactive health care and life enrichment services to assist mature adults in maintaining their independence, dignity and spiritual wholeness in a secure, Christian environment.
