Why I chose to be a CNA at Wesbury:

"In my previous career I was a hairdresser. I used to go to area nursing facilities to cut hair for the residents. After I ended my career as a hairdresser, I really wanted to be out there helping others, and everything changed when my daughter became a Certified Nurse Aide at Wesbury. Inspired by her, I made a bold decision. I took the CNA course and traded my scissors for scrubs—and never looked back. I enjoy being a CNA at Wesbury because my job is not just making residents look good. I am helping them to feel good. It is all about the care. If I can make a career change like this, anyone can…the work is rewarding and really needed."

-Jean Webster, CNA

"I want to help people. That's what drives me. My mom saw Wesbury was looking for certified aides, so I came in and started working as a Personal Care Aide. After a couple of months, I took the CNA class and began working at Wesbury. My co-workers inspired me to further my career and look into becoming a Licsensed Practical Nurse. After becoming an LPN, I had a lot of choices, and I did work in other facilities and environments as an agency nurse, but ultimately, none of them compared to working at Wesbury. My co-workers still inspire me and Wesbury has helped pay for my education. Becoming a registered nurse is my future and Wesbury will help me get to my career goals."
